MyFreeTaxes.com

EASY. FREE. TAX FILING ONLINE.

What is MyFreeTaxes?

MyFreeTaxes.com is a free tool that lets taxpayers file for their federal and state taxes online.

The MyFreeTaxes Campaign is sponsored by the Walmart Foundation. Partners of this campaign include One Economy, the National Disability Institute's Real Economic Impact Tour (REI Tour), and United Way Worldwide.

This national campaign empowers low to moderate income working families and people to access free tax services online at home, at a community center or with the help of a non-profit partner.

Who Qualifies?

With MyFreeTaxes, consumers who earn \$57,000 or less can file their state and federal taxes online for free.

Those who qualify can get started by visiting www.myfreetaxes.com.

What Makes MyFreeTaxes Unique?

Now in its fourth year, MyFreeTaxes provides free tax help to individuals and families who qualify in three distinct ways.

- 1) Free online tax filing- We operate a MyFreeTaxes.com National Tour stopping in **20** cities across the country staffed with IRS Certified VITA Volunteer Preparers who help people file their state and federal taxes online for free and maximize their potential refunds.
- 2) In- person tax help- We partner with more than **100** major non-profits and community organizations to connect community members to local in-person tax help.
- 3) Help for persons with disabilities- The National Disability Institute's Real Economic Impact Tour builds capacity of free tax preparation campaigns to better reach and serve taxpayers with disabilities.

Thanks to the support of a \$4.3 million grant from the Walmart Foundation, MyFreeTaxes helps tax filers save money, claim refunds and receive valuable credits like the Earned Income Tax Credit; it also helps raise the awareness of nutrition supplemental programs like WIC and SNAP.
